

SUNSHINE STATE FEDERAL SAVINGS AND LOAN ASSOCIATION
Protecting The Privacy Of Our Customers

At Sunshine State Federal Savings and Loan Association (Sunshine), protecting the privacy and confidentiality of your personal information is important to our employees and us. We value your business and the trust you put in Sunshine. In order to offer you the financial products and services you seek to obtain, we collect, maintain, and use information about you on a routine basis. To help you better understand how your personal information is protected here at Sunshine, we are providing you with the following statement describing our practices and policies with respect to the privacy of customer information.

AT SUNSHINE:

We do not disclose any nonpublic personal information about you to anyone except as permitted by law. We may, for example, disclose nonpublic personal information about you to others for purposes of servicing your account with us, processing transactions or running credit or other verification checks that you request or authorize. This policy is the same for both current customers and former customers.

We may collect information volunteered to you during the application process, gathered from your transactions and experiences with us, and obtained from other authorized sources, such as credit bureaus. All information collected and stored by Sunshine is used for specific banking purposes, such as administering your account, complying with state/federal banking regulations, protecting against fraud, and developing a better understanding of your financial needs to provide you with improved products and services.

We understand that the protection of your nonpublic personal information is of the utmost importance. Guarding your privacy is our obligation. Sunshine maintains strict procedures and policies to safeguard your privacy. We restrict employee access to customer information to only those who have a business reason to know such information, and we educate our employees about the importance of confidentiality and customer privacy.
